ACCTE KLEPTOMANIA.

The Cincinnati Enquirer in a recent issue says: "A private carriage drawn by a fine pair of horses stopped in front the rear of the store and asked to see "What some ostrich feathers. After handling es for?" the goods laid before her for some little tern was missed. lowed by a clerk and caught up with, and the missing silk was discovered by ing upon the seat alongside of the lady, who said that she did not know it was ansaction afterward found its way into It was one of that kind where the shop the newspapers, describing how the li-brary ball been selected and founded at lady had not taken the goods with the ntention of stealing them. She was simply attacked by the strange mania, She had no good cause to steal. Her husband is well off, and can pay for anything she wants. On other occuaway with the goods and carried them

> nothing further was said. one of the proprietors of the store to the reporter. Still the kleptomarines seem to be thinning out in this city and vicinity during the past few years. We formerly had a great deal of trouble with kleptomaniaes, and professional ickpockets escaped punishment by incodneing evidence that they, too, were possessed of the manta. It is something I never could understand, and I always tice that kleptomaniacs are women sho are well off. Four years ago over 84,000 worth of goods were missed in our store inside of ten months, and haven't the least idea but that the class women I speak of took a big portion of them, and were not detected. I suppose you remember the last case made public by the arrest of the lady. I felt some for her husband. He wanted to make good the article taken, but the storekeeper wouldn't believe there was

ossessed of the mania was in the habit of going into a very preminent estab-ishment and helping berself to what article she wanted without interference from the proprietor or employes. Not a and was said, but an account of everything was taken and a bill sent to her husband at the last of the month. When her husband showed her the bill pon the bassom of whose dress it was she could tell whether or not it was corrected. She was rather pretty, and rect to every item. Any number of simsore a beautifully lifting customs of hark ruly-colored silk plush, against most celebrated women of the kind, not t older class of citizens will remember her f doings.
